Dear MTA-Q Training Department,

I am writing in regards to your on site training and day courses that my apprentice has so far completed over the past 16 months.

Due to the response and progression from my apprentice, I would like to express my gratitude for the training and assessment delivered by your training officers. My apprentice has gained professional knowledge and on going skills within industry standards.

I believe this flexible style of on site training and assessment, has allowed me to operate my business more efficiently, whilst my apprentice achieves his qualification in "Automotive Light Vehicle".

I would strongly recommend this style of training to any employer seeking, or who currently has an apprentice or trainee.

Thankyou for your time in this matter,

Kind Regards, Paul Bonaccorso.
