TO WHOM IT MAY CONCERN.

This Company employs an apprentice,  
Mr. Jeremy McShane of 14 Mayjohn Ave., CARRARA 4211.  
Jeremy is currently in his final year of apprenticeship  
& has been instructed by,  
Mr. Alex Fletcher from the MTAQ for the past 3 years.  
We have observed that Alex is a most conscientious and  
thorough Instructor who has assisted Jeremy, not only  
throughout his course but by personal assistance out of  
official hours with problems with Jeremy,s own car.  
We support the present proceedure of Instructors using the  
employers premises & equipment, which ensures less time is  
lost in apprentices travelling.  
Additionally the MTAQ Instructors provide Television and  
DVDs & Components which they bring to the employer,s premises  
to provide one on one detailed instruction to their students.  
We would not employ additional apprentices if it were necessary  
for them to travel away from our premises for instruction.

Yours Faithfully,

  
(Neville S. Webb, Director)
